Blackjack Betting (optional)

DESCRIPTION

As an enterprising KfK gambler
I want to play Blackjack with play money
So I can test out my foolproof betting "system"

LABELS

blackjack

TASKS (0/7)

☐ The player starts with a specified amount of chips

☐ The player bets before each round

☐ The player may not bet more than their chip total

☐ The player is returned 3:2 for a dealt blackjack or 1:1 for any other victory over the dealer

☐ The player loses their bet if they lose

☐ A player loses the game if their bank goes to 0

☐ A player may only bet integer amounts
